

A CALL OUT TO LAKES OF THE NORTH MEMBERS

Each year there is a call out for dedicated members to serve their community by running for the Board of Directors or the Rules & By-Laws Committee. But before that can happen another group of dedicated members is formed as the Nominating Committee to work together as a team to reach out to potential candidates they feel have the talent and skills to serve their association.

The Nominating Committee meets approximately 4 times during the period of May through August and is supported by staff with all documentation and updates needed to perform their task.

The committee is formed at the January Board of Directors meeting (on January 16, 2021). Please contact Dan Pelc or Brenda Brown with interest in joining this valuable team.
